

CenturyLink takes your data security very seriously. This month you will notice a change to the way you login to the Pension Site, outside of SSO. These new security measures are similar to what you may have already experienced on other online services you use. If you use CenturyLink Intranet to access the Pension Site, this enhancement will not impact you.

If you have questions please call the CenturyLink Pension Service Center at 800-729-7526 Option 1, Option 3. Pension Specialists are standing by if you need assistance.
